Mr. Mark Lancaster, Vice Chairman of the Lake Norman Marine Commission (LNMC) Provides an Update on the Marine Commission's Activities and Initiatives: Lancaster, the Vice Chairman of the LNMC, said the Hydrilla Eradication Program began about five years ago, and it had been successful. He said about \$1,000 a year was spent on Lake Norman compared to the million dollars annually spent on Lake Gaston. He mentioned that a bow-hunting project had been initiated on Lake Norman to determine the age and lifespan of carp.

In regards to shoal markers, Lancaster said the county had appropriated \$15,000 in the past, and the marine commission would request an additional \$4,000. He mentioned that Lincoln and Catawba Counties had still not appropriated their share for the markers, but the lake was much safer.

He said a rafting ordinance would soon be reviewed.

Mr. Dennis Clary, with the Marine Corp League, Provides an Update on the Independence Day Parade: Clary said the annual Independence Day Parade would be held on Saturday, June 30, 2007, 11 a.m., in Troutman N.C., and Korean War veterans would be honored. Clary requested \$7,500 to assist with the parade, the same amount as last year. He said the full amount had never been used, rather invoices were submitted as expenditures occurred. Mr. Clary said some of the funding might be used to entice high school bands to participate. (Deputy Finance Director Blumenstein said that only \$2,000 was paid out for the 2006 parade last year.)

MOTION by Commissioner Johnson set aside \$7,500 in the FY 07-08 budget for the Independence Day Parade.

VOTING: Ayes – 5; Nays – 0.

PUBLIC HEARINGS

Rezoning Request; Case No. 0703-2 – Floyd E. Greene requests an Amendment to the Iredell County Land Use Plan & to Rezone Properties from Residential Agricultural to Highway Business Zoning District: Acting Planning Director Steve Warren presented the following staff report for this case.

AGENT: *Mark Terry, Surveyor*
10837 North Main Street
Archdale, NC 27263

LOCATION: *The property is located at the intersection of Mocksville Highway and 1-40, being in the northeast quadrant of the interchange for 1-40 and Mocksville Highway in Statesville, NC; more specifically identified as PIN#s 4797-47-2172, 4797-46-1602, & 4797-46-0259.*

DIRECTIONS: *Take Mocksville Highway east from Statesville; property is on right as you pass under Interstate 40.*

REQUESTED ACTION: *Rezone subject parcels from RA, Residential Agricultural to HB, Highway Business and amend the Iredell County Land Use Plan.*

PROPOSED USE: *Any and all HB uses; proposed truck stop in Davie County portion.*

SIZE: *14.96 acres.*

EXISTING LAND USE: *Vacant.*

SURROUNDING LAND USE: *Vacant land to east, Interstate 40 right-of-way forms southern line, commercial land to west and north lying directly across Mocksville Highway.*

WATERSHED REGULATIONS: *The subject parcel is located within the South Yadkin-Cooleemee Protected Area watershed.*

TRAFFIC: *This section of Mocksville Highway had an average of 2,500 vehicles per day in 2005. According to the 1993 Iredell County Thoroughfare Plan, this section of Mocksville Highway has a carrying capacity of 12,000 vehicles per day.*

ZONING HISTORY: *The subject parcel was zoned RA when countywide zoning took effect in 1990. All similar parcels at this interchange have been zoned for commercial use, with the last rezoning approved in August of 1991 for General Business zoning.*

STAFF COMMENTS: *The applicant has chosen the HB District classification, which allows for a range of commercial uses and is similar to other nearby commercial properties. Although the Iredell County Land Use Plan identifies this area as suitable for future residential development, staff feels that this request is reasonable and recommends in favor of this request since it is unlikely that*

residential development will occur on parcels situated at an intersection of two major highways. Several properties located directly across I-40 and Mocksville Highway are commercially zoned for either Highway Business or General Business.

PLANNING BOARD ACTION: On March 7, 2007 the Planning Board voted 11-0 to recommend approval for both the Land Use Plan amendment and the rezoning request.

* * * * *

Mark Terry, land surveyor, said his client was proposing to develop a retail facility. He said the property in Davie County was zoned AG (agricultural), and the land in the immediate area was zoned highway business.

No one else desired to speak, and Chairman Norman adjourned the hearing.

MOTION by Commissioner Johnson to amend the Iredell County Land Use Plan.

VOTING: Ayes – 5; Nays – 0.

MOTION by Commissioner Williams to approve the proposed zoning map amendment and to make a finding that approval was consistent with the adopted Iredell County Land Use Plan and that said approval was reasonable and in the public interest due to its consistency with the Iredell County Land Use Plan; as a result, said approval furthers the goals and objectives of the Iredell County Land Use Plan.

VOTING: Ayes – 5; Nays - 0.

Chairman Norman declared the meeting to be in a public hearing.

Request from the Foothills Land & Development Company for the Release of Zoning & Subdivision Jurisdiction of 18.443 acres to the Town of Mooresville (Location: Corner of Perth Road and Lakeshore School Road in Mooresville, NC): Acting Planning Director Steve Warren said this was the first case to be presented since the adoption of new procedures for release of jurisdiction requests. He then presented the staff report as follows:

*OWNER: Lee Pake
Foothills Land & Development
52 River Point Court
Hickory, NC 28601*

LOCATION: at the corner of Perth Road and Lakeshore School Road, in Mooresville, NC, more specifically described as PIN# 4638-72-8318.

DIRECTIONS: Highway 150 west, right onto Perth Road, right onto Lakeshore School Road, on right.

REQUESTED ACTION AND CONDITIONS: Release Zoning and Subdivision Jurisdiction to the Town of Mooresville.

PROPOSED USE: The proposed use for the properties is single family residential development. (They are proposing to have 39 lots on this property).

SIZE: The proposed area to be rezoned is 18.443 acres.

EXISTING ZONING: The property is currently zoned RA (Residential Agricultural).

EXISTING LAND USE: Vacant, except for Lakeshore Elementary and Middle School signs.

SURROUNDING LAND USE: Residential and institutional (Lakeshore Elementary and Middle Schools). There is also a parcel of land adjoining this property that is zoned RO (Residential Office), which was rezoned in July 2006.

WATERSHED REGULATIONS: This property is located in the WSIV-CA Watershed.

TRAFFIC: The traffic count for Perth Road is 6,900 average daily trips.

ZONING HISTORY: This property has been zoned R-20 since county-wide zoning in 1990.

STAFF COMMENTS: This request does not meet the criteria for a release of zoning and subdivision jurisdiction. The proposed use of the property for residential development does not necessarily require water and sewer. On January 2, 2007, the Town of Mooresville agreed to the extension of water and sewer to these parcels and will consider the property for annexation in June of 2007. Although the proposed use for this property complies with residential future land use as shown in the Iredell County Land Use Plan; the Plan was adopted prior to the traffic and safety issues discussed with the South Iredell Growth Study. The County would allow approximately 29 lots on this property. The developer plans to have 39 lots, which is a 34% increase. The capacity for that section of Perth Road is 8,000 vehicles per day. The current traffic count is 6,900 vehicles per day; therefore, the road is very near capacity already. Based on this information, the staff recommends against this request.

* * * * *

Scott Bell, an engineer, for the company said sewer had already been extended to the proposed 40-house development, and a petition had been submitted to Mooresville for annexation.

No one else desired to speak, and Chairman Norman adjourned the public hearing.

MOTION by Commissioner Johnson to follow the staff's recommendation and to deny the release of jurisdiction request from the Foothills Land and Development Company.

VOTING: Ayes – 5; Nays – 0.

Chairman Norman declared the meeting to be in a public hearing.

Such warrant shall be issued pursuant to G.S. 15-27.2.

Sec. 4-133 ENFORCEMENT

A. Procedure for enforcement.

(a) Preliminary investigation. In accordance with G.S. 160A-443, whenever a signed petition is filed with the housing inspector charging that any dwelling is unfit for human habitation, or whenever it appears to the inspector, upon inspection, that any dwelling is unfit for human habitation, he shall, if his preliminary investigation discloses a basis for such charges, schedule a hearing.

(b) Notice. If corrections are not addressed in a timely manner the housing inspector shall issue and cause to be served upon the owner of and parties in interest in such dwelling a complaint stating the charges and containing a notice that a hearing will be held before the inspector at a place therein fixed, not less than ten (10) nor more than thirty (30) days after the serving of the complaint.

(c) Hearing. The owner or any part in interest shall have the right to file an answer to the complaint and to appear in person, or otherwise, and give testimony at the place and time fixed in the complaint. Notice of such hearing shall also be given to at least one (1) of the persons signing a petition relating to such dwelling. Any person desiring to do so may attend such hearing and give evidence relevant to the matter being heard. The rules of evidence prevailing in courts of law or equity shall not be controlling in hearings before the inspector.

(d) Procedure after hearing.

(1) After such notice and hearing, the inspector shall state in writing his determination whether the dwelling is unfit for human habitation, and, if so, whether it is deteriorated or dilapidated.

(2) If the inspector determines that the dwelling is deteriorated, he shall state in writing his findings of fact in support of such determination, and shall issue and cause to be served upon the owner thereof an order directing and requiring the owner to repair, alter, or improve such dwelling, or to vacate and close such dwelling as a human habitation until such repairs, alterations, and improvements have been made. The owner shall comply with the minimum standards of fitness established by this article within a specified period of time, not to exceed ninety (90) days.

(3) If the inspector determines that the dwelling is dilapidated, he shall state in writing his findings of fact to support such determination, and shall issue and cause to be served upon the owner thereof an order directing and requiring

the owner either to repair, alter or improve such dwelling to comply with the minimum standards of fitness established by this article, or else to vacate and remove or demolish the same within a specified period of time not to exceed ninety (90) days.

B. Failure to comply with order.

(a) *In personam remedy.* If the owner of any deteriorated dwelling shall fail to comply with an order of the housing inspector to repair, alter, or improve or to vacate and close as a human habitation the same within the time specified therein, or if the owner of a dilapidated dwelling or dwelling unit shall fail to comply with an order of the inspector to repair, alter or improve or to vacate and close and remove or demolish the same within the time specified therein, the inspector shall submit to the board of commissioners at its next regular meeting a resolution directing the county attorney to petition the superior court for an order directing such owner to comply with the order of the inspector authorized by G.S. 160A-446(g).

(b) *In rem remedy.* After failure of an owner of a deteriorated or dilapidated dwelling or dwelling unit to comply with an order of the inspector within the time specified therein, if injunctive relief has not been sought or has not been granted as provided in subsection (a) above, the inspector shall submit to the board of commissioners an ordinance ordering the inspector to cause such dwelling to be repaired, altered, improved, vacated, closed, removed or demolished as provided in the original order of the inspector, and pending removal or demolition, to place a placard on such dwelling as provided by G.S. 160-443 and sub-section C. of this section.

(c) *Appeals from orders of inspector.*

(1) An appeal from any decision or order of the inspector may be taken by any person aggrieved thereby. Any appeal from the inspector shall be taken within ten (10) days from the rendering of the decision or service of the order, and shall be taken by filing with the inspector and with the housing appeals board a notice of appeal which shall specify the grounds upon which the appeal is based. Upon the filing of any notice of appeal, the inspector shall forthwith transmit to the housing appeals board all the papers constituting the record upon which the decision appealed from was made. When an appeal is from a decision of the inspector refusing to allow the person aggrieved thereby to do any act, his decision shall remain in force until modified or reversed. When an appeal is from a decision of the inspector requiring the person aggrieved to do any act, the appeal shall have the effect of suspending the requirement until the hearing by the board, unless the inspector certifies to the board, after the notice of appeal is filed with him, that by reason of the facts stated in the certificate (a copy of which shall be furnished the appellant), a suspension of his requirement would cause imminent peril to life or property, in which case the requirement shall not be suspended except by a restraining order. Such a restraining order may be granted for due cause shown upon not less than one (1) day's written notice to the inspector, by the board, or by a court of record upon petition made pursuant to G.S. 160A-446(f) and subsection (d), below.

(2) The housing appeals board shall fix a reasonable time for the hearing of all appeals, shall give due notice to all the parties, and shall render its decision within a reasonable time. Any party may appear in person or by agent or attorney. The housing appeals board may reverse or affirm, wholly or partly, or may modify the decision or order appealed from, and may make such decision and order as in its opinion ought to be made in the matter, and to that end it shall have all the powers of the inspector, but the concurring vote of four (4) members of the board shall be necessary to reverse or modify any decision or order of the inspector. The housing appeals board shall have power also in passing upon appeals, in any case where there are practical difficulties or unnecessary hardships in the way of carrying out the strict letter of this article, to adapt the application of the article to the necessities of the case to the end that the spirit of the article shall be observed, public safety and welfare secured, and substantial justice done.

(3) Every decision of the board shall be subject to review by proceedings in the nature of certiorari instituted within fifteen (15) days of the decision of the board, but not otherwise.

(d) *Petition to superior court by owner.* Any person aggrieved by an order issued by the inspector or a decision rendered by the board shall have the right, within thirty (30) days after issuance of the order or rendering of the decision, to petition the superior court for a temporary injunction restraining the inspector pending a final disposition of the cause, as provided by G.S. 160A-446(f).

C. Methods of service of complaints and orders.

Complaints or orders issued by the inspector shall be served upon persons either personally or by registered or certified mail. If the whereabouts of such persons are unknown and the same cannot be ascertained by the inspector in the exercise of reasonable diligence, the inspector shall make an affidavit to that effect, and the serving of such complaint or order upon such person may be made by publishing the same at least once no later than the time at which personal service would be required under the provisions of this article in a newspaper having general circulation in the county. Where service is made by publication, a notice of the pending proceedings shall be posted in a conspicuous place on the premises affected by the complaint or order.

D. In rem action by inspector; placarding.

(a) After failure of an owner of a dwelling to comply with an order of the inspector issued pursuant to the provisions of this article, and upon adoption by the board of commissioners of an ordinance authorizing and directing him to do so, as provided by G.S. 160A-443(5) and sub-section A of this section, the inspector shall proceed to cause such dwelling to be repaired, altered or improved to comply with the minimum standards of fitness established by this article, or to be vacated and closed and removed and demolished, as directed by the ordinance of the board of commissioners, and shall cause to be posted on the main entrance of such dwelling a placard with the following words: "this building is unfit for human habitation; the use or occupation of this building for human habitation is prohibited and unlawful." Occupation of a building so posted shall constitute a misdemeanor.

(b) Each such ordinance shall be recorded in the office of the register of deeds in the county wherein the property is located, and shall be indexed in the name of the property owner in the grantor index, as provided by G.S. 160A-443(5).

E. Costs, a lien on premises.

As provided by G.S. 160A-446(6), the cost of any repairs, alterations, or improvements, or of vacating and closing, or removal or demolition, caused to be made or done by the inspector pursuant to sub-section C of this section, shall be a lien against the real property upon which such cost was incurred. Such lien shall be filed, have priority, and be collected in the same manner as the lien for special assessments established by G.S. Chapter 153A, Article 9.

F. Alternative remedies.

Neither this article nor any of its provisions shall be construed to impair or limit in any way the power of the county to define and declare nuisances and to cause their abatement by summary action or otherwise, or to enforce this article by criminal process as authorized by G.S. 14-4 and sub-section G. of this section, and the enforcement of any remedy provided herein shall not prevent the enforcement of any other remedy or remedies provided herein or in other ordinances or laws.

In the event any provision, standard, or requirement of this article is found to be in conflict with any provision of any other ordinance or code of the county or the state, the provision which establishes the higher standard or more stringent requirement for the promotion and protection of the health and safety of the residents of the county shall prevail.

B. General penalty; continuing violations.

(a) Whenever in this Code or in any ordinance of the county any act is prohibited or is made or declared to be unlawful or an offense or a misdemeanor, or whenever in such Code or ordinance the doing of any act is required or the failure to do any act is declared to be unlawful or an offense or a misdemeanor, when no specific penalty is provided therefore the violation of any such provision of this Code or any such ordinance shall be punishable by a fine of not more than fifty dollars (\$50.00) or by imprisonment for not more than thirty (30) days, or both, for each separate violation. Except as set forth in subsection (b), violation of this Code or any other county ordinance shall be a misdemeanor.

(b) Violation of any provision of this Code shall subject the offender to a civil penalty in the amount of one hundred dollars (\$100.00), to be recovered by the county in a civil action in the nature of debt if the offender does not pay the penalty within a period of seventy-two (72) hours after he has been cited for violation of the ordinance. Violations of the following provisions shall not be misdemeanors, but shall subject the offender to the civil penalty; chapter 4; chapter 7; chapter 10; chapter 11; appendix A; appendix B; appendix C; and appendix D. Any action to recover such civil penalty may be joined in action for appropriate equitable or other legal remedy, including injunctions and orders of abatement and including an action to recover damages owing to the county by reason of expenses incurred by the county in abating, correcting, limiting, and otherwise dealing with the harmful effects of the offending action.

(b) If any violation of this Code is designated as a nuisance under the provisions of this Code, such nuisance may be summarily abated by the county in addition to the imposition of a fine or imprisonment.

(c) Any provision of this Code or other ordinance of the county may be enforced by any one (1) or more of the remedies authorized by G.S. Section 153A-123.

MOTION by Commissioner Tice to adopt the minimum housing ordinance effective September 1, 2007.

VOTING: Ayes – 5; Nays – 0.

-----**CONSENT AGENDA**-----

MOTION by Commissioner Johnson to approve the following eight consent agenda items.

VOTING: Ayes – 5; Nays – 0.

(All items were explained during the briefing session.)

1. Call for a Public Hearing on Tuesday, April 17, 2007, at 7:00 P.M., for the Consideration of a Proposed Residential Growth Management System Ordinance for the Brawley School Road Peninsula: (See the Special Meeting Minutes of this date for additional information regarding this ordinance.)

2. Request for Review of Text Amendments to the Soil Erosion and Sedimentation Control Ordinance as Recommended by the State and to Call for a Public Hearing on May 1, 2007 for Official Adoption of the Revised Ordinance: Erosion Control Administrator Mark Selquist said that on December 5, 2006, the board adopted a soil erosion ordinance which was forwarded to the state for review. He said the state suggested a few revisions, and a public hearing was necessary to finalize the document. Selquist said the revisions were minor, but they were necessary to fully comply with the Sedimentation Pollution Control Act.

3. Request for Adoption of a Soil Erosion and Sedimentation Control Program (SESCP) Fee Schedule: Selquist said fees were needed for the newly created soil erosion program effective June 1. He said the fees would be for sites where one acre or more (one half acre or more in a water supply watershed area) of land was disturbed. Selquist said a formal erosion control plan would be submitted, and once the site was permitted, an inspection would be needed on a regular basis. He then shared the recommended fees as follows:

<u>Plan Review</u> - Each disturbed acre or any part thereof	\$135.00
- Water Supply Watershed (less than one (1) acre)	\$50.00
<u>Revised Plan Review</u> - Per acre or part thereof	\$50.00
<u>Permit Placard</u> (if needed)	\$5 .00

Notice of Violation

Varies based on severity, adherence to approved plan, prior record, whether the violation was committed willfully, amount of money saved by noncompliance, cost of rectifying the damage, and staff investigative costs. The minimum fine is \$500 per acre or part thereof per day.

<u>Re-inspection Fee</u> (required after Notice of Violation)	\$125.00
---	----------

If a site is out of compliance, it will receive a Notice of Violation. Any project that is under an

NOV may not have any activity (i.e., building inspections) until the site is brought into compliance, the required fine is paid to the Iredell County Finance Department, and the re-inspection fee has been paid. Fines and re-inspection fees may NOT be billed on an account.

Project Management Fee\$50.00

A project management fee is assessed only on sites that are not required to submit an erosion control plan (less than one acre outside water supply watersheds or less than one-half acre inside a water supply watershed) and only after county inspectors have investigated a complaint and found that the site is not in compliance with erosion control laws.

(In reference to fees for sites not requiring a formal erosion control plan, but found to be in violation of the North Carolina Sedimentation Pollution Control Act of 1973, the staff will recommend adequate sediment control measures and inspect the site. Inspections will cease once the site is stabilized.)

4. Request from the Health Department for Approval of a Paid Educational Leave of Absence for Scott Lenhart, the Emergency Planner & Division Manager for Health Education & Emergency Preparedness: County Manager Mashburn recommended that Scott Lenhart be allowed to attend four residencies in order to obtain an on-line doctorate in health administration with an anticipated graduation date of April 2010. He said the course was through the University of Phoenix, which was accredited by the North Central Association of Colleges and Schools and recognized by the Secretary of Education.

The following is a portion of a signed statement submitted by Mr. Lenhart and Health Director Donna Campbell pertaining to this request.

"The program does have four residency trainings within the next three years. These residencies are from four to six days in length. The first residency is scheduled for February 22, 2007. The projected dates for the other three residencies are February 2008, July 2008 and February 2010.

"Scott Lenhart is requesting paid school leave to attend the four residencies. Scott is only asking for paid time. He is not asking for tuition reimbursement. As outlined in the Iredell County Personnel Manual, Scott agrees to remain an employee of the county for a period equal to twice the education leave received, or he will reimburse the county for all compensation received while on educational leave."

5. Request from the City of Statesville for the County to Enter Into an Inter-local Agreement Regarding the "One North Carolina Fund Grant" for Canac Kitchens U.S. Limited: Deputy County Manager Blumenstein said a \$250,000 One NC Fund Grant had been awarded to the City of Statesville for Canac Kitchens, and an equal amount was needed as a match. She said economic incentives from the city and county could be used; however, Statesville had approved only \$187,150 while the county's incentive was \$342,780. Blumenstein said an inter-local agreement, drafted by the city, included the full \$342,780.00; however, she was recommending that only \$62,850 of the county's incentive be used. She said the \$62,850 was the difference between the total match needed of \$250,000 and the city's incentive of \$187,150. In addition, she recommended for the county to be responsible for only 25% of the \$250,000 should a grant payback be required. (The Inter-Local Agreement was approved contingent upon the county's share of the match being \$62,850 and any grant repayment being limited to 25%.)

6. Request from the Sheriff's Department for Approval of Budget Amendment #33 for the Appropriation of funds Received from a Gang Violence Prevention Grant: Captain Jimmie Craven said that in October of 2006, the board approved a gang violence prevention grant application. He said \$90,981 had been awarded, and a 25% match of \$30,290 would be derived from seized funds.

7. Request for a Decision Regarding the Board's July Meeting Schedule: The board decided to hold one meeting in July of 2007, and it was scheduled for Tuesday, the 24th, with a briefing session at 5 p.m., and a business meeting at 7 p.m. (The meetings on the first and third Tuesdays will be cancelled.)
