

KNOW HOW

Dental Health Services

-  **Make an appointment**
Call our dental clinic (704) 878-5440 to schedule an appointment
-  **Bring proof of residence**
Such as a current utility bill
-  **Bring proof of income OR any means of financial support for your household**
Examples: Recent paycheck stubs, letter of certification from ANY public assistance programs, recent tax return ONLY for self-employed. We also accept a wage verification form. This form is provided by the Health Department and should be completed by your employer stating your gross income and frequency of pay.

Income information is needed to help us figure sliding fee discount for self-pay patients.

We ask that you reschedule you or your child's appointment if feeling ill.

Referrals Available:

We will refer clients for services outside our scope of practice in the dental clinic

DID YOU KNOW?

Calcium is good for your teeth

This important mineral helps protect your teeth against gum disease and will keep them strong and healthy.

Calcium is found in milk and cheese.

Dental Clinic

Serving Adults & Children

Iredell County Health Department

It is our mission
to promote and protect
personal, community, and
environmental health.

Public Health
Prevent. Promote. Protect.

BE HAPPY

Your Smile is Healthy

We know the importance of having a healthy smile. We are committed to providing quality dental care to any child or adult living in Iredell County. Our low-cost services will help you maintain excellent oral and overall health. How often you should visit the dentist is determined by your risk of cavities and gum disease. In times of stress and illness, you may need to seek dental services more often.

We make every attempt to ensure our patients are calm and comfortable about his or her dental visit. We provide oral health education, local anesthesia and nitrous oxide sedation as necessary for patient.

Services may include:

- | | |
|-------------|------------------|
| Exam | Sealants |
| Cleanings | Fluoride Varnish |
| Fillings | Education |
| Extractions | Referrals |

Adult exams include:

- Medical history
- Blood pressure
- Oral history review
- Mouth exam
- Head and neck exam
- Mouth cancer screening
- X-rays, radiographs

See us more often if you:

- Smoke
- Become pregnant
- Have tooth pain
- Have gum pain
- Weak immune system
- Have diabetes

MOUTH FACTS

For Healthy Teeth & Gums

See your Dentist: Every 6 months. Additional visits could be necessary depending on your age or health status.

Brush and floss: Use a soft-bristled toothbrush and brush at least twice a day with fluoride toothpaste. Brush your tongue well, too. Floss between teeth once a day.

Limit sweets: Sugary snacks and drinks stick to teeth and can lead to decay. When you do have sweets, brush your teeth and drink water after.

Don't ignore tooth or mouth pain: It could be a sign of cavity or infection that needs treatment.
