Subject: Re/ Duke Lake Services Requires Building Permits

Until September 1, [R327](#) and the exemption form remain valid.
The Building Code Council is to meet 08-31-20; docks and piers are to be discussed.
I am hopeful some degree of clarity will come out of the meeting
However, it is likely engineered designs and permits will again be required for all piers and docks.
Permits required mean inspections are also necessary.

Effective September 1, 2020:

From: Dennis J Whitaker
Sent: Tuesday, July 21, 2020 9:15 AM
Subject: Duke Lake Services Requires Building Permits

All,

Effective September 1, 2020, [Duke Energy Lake Services](#) will no longer accept building permit exemption forms from counties. All applicants for new structures or maintenance/modification to existing structures must submit a valid county building permit with their permit application.
Permit applications that do not include a valid building permit issued by the county will be returned as deficient.
Please share this information with your customers and let me know if you have any questions.
We appreciate your cooperation.
