

**A SECOND PROCLAMATION**

**PURSUANT TO THE DECLARATION OF A STATE OF EMERGENCY  
CORONAVIRUS DISEASE 2019 (COVID-19) REQUIRING THE WEARING OF FACE  
MASKS IN COUNTY-OPERATED FACILITIES**

**WHEREAS**, the World Health Organization declared the Coronavirus Disease 2019 (“COVID-19”) a global pandemic on March 11, 2020; and

**WHEREAS**, the Governor of the State of North Carolina declared a State of Emergency on March 10, 2020 to coordinate the State’s response and protective actions to address the COVID-19 public health emergency and to provide for the health, safety, and welfare of residents and visitors; and

**WHEREAS**, the Governor subsequently issued Executive Orders 117 – 147, instituting various restrictions and measures to mitigate and slow the spread of COVID-19, of which the last Order included the requirement to wear face coverings in certain settings and conditions and encouraged local governments to enact policies regarding the same as those applicable to certain State government agencies (“Executive Order 147”); and

**WHEREAS**, the Iredell County State of Emergency was declared on March 17, 2020 (“Original Declaration”) following its first presumptive positive case of COVID-19 on March 16, 2020, and the Original Declaration remains in effect; and

**WHEREAS**, as of June 26, 2020, the total presumptive positive cases in Iredell County has increased 110% from 325 on June 1, 2020 to 681 on June 26, 2020, and further, the County experienced the highest one-day spike this same day with 59 presumptive positive cases, indicating substantial community transmission; and

**WHEREAS**, Iredell County employs 1,469 people, who provide necessary and vital services to its residents, and many of these services require engaging with and being in close contact with the general public who are receiving County services and visiting County-operated facilities; and

**WHEREAS**, as a result of the local emergency, declared March 17, 2020, and the increased community transmission through this day, I maintain my determination that there is and continues to be an imminent threat of, or existing conditions have caused or will cause, widespread or severe damage, injury, or loss of life or property; and

**WHEREAS**, I have consulted with Iredell County Health Director and the President & Chief Executive Officer of the Iredell Health System, as well as reviewed the guidance from the Centers for Disease

Control and Prevention and the North Carolina Department of Health and Human Services regarding the use of face coverings, which recommend the use of face coverings to help decrease disease transmission by reducing the spread of respiratory droplets through speaking, coughing, sneezing, and the like; and

**WHEREAS**, it is the desire of the Iredell County Board of Commissioners to take measures to protect its employees from the increasing community transmission of the Coronavirus, particularly in the performance of their duties and provision of services to the general public, and to protect the public when obtaining such services; and

**WHEREAS**, it is necessary to maintain the health, safety and welfare of the employees of Iredell County, as well as the public visiting County-operated facilities, to impose the restrictions herein,

**NOW, THEREFORE**, pursuant to the authority vested in me as the Chairman of the Iredell County Board of Commissioners under Article 1A of Chapter 166A of the North Carolina General Statutes and Sections 2.72, 10.5-4 and 10.5-5 of the Iredell County Code of Ordinances:

**Section 1.** The State of Emergency declared March 17, 2020 remains in effect.

**Section 2.** I hereby authorize the County Manager to implement the following restrictions in County-operated facilities:

Face coverings shall be worn inside buildings or offices wherein County services are provided; face coverings shall be worn outdoors at County-operated facilities where social distancing (a distance of six feet) cannot be maintained. This requirement does not apply to parks and outdoor recreation facilities

The County Manager, Register of Deeds, and Sheriff may establish additional and/or specific procedures to affect these restrictions with particularity as to applicability, exceptions, and enforcement procedures based on unique conditions of their respective facilities.

As referenced and defined in Executive Order 147, Surgical Masks and N95 meet the Face Covering requirement, but the public is encouraged to reserve such items for healthcare providers and medical first responders.

No person will be denied services where unable to wear a Face Covering as a result of one or more of the Exceptions; County employees will take measures to make reasonable accommodations in such instances, which may include, but are not limited to curbside delivery of services, services provided in a separate area of the facility, or separate facility, where social distancing and preventative measures can be taken, and telephonic and/or electronic meetings.

- f. The County shall post signage at the entrances to County-operated facilities at which Face Coverings shall be worn.
- g. The County shall provide at no charge one mask for personal use by visitors and members of the public seeking services who do not have a mask.
