**Iredell County Recreation Center Operational Changes, effective April 19, 2021**

Iredell County Parks & Recreation Department is continuing to evaluate local, state, and national guidelines in regards to Covid-19 and the phased reopening plan issued by the State. Our main priority is, and will continue to be, the health and safety of our patrons and staff.

The Iredell County Parks and Recreation Department is excited to announce the following modifications in operations for the Iredell County Recreation Center, beginning Monday, April 19:

- Reservations are no longer required for the Fitness Center or Group Exercise classes. The capacity will be monitored and set to 40 people for the fitness floor and indoor group exercise. If capacity is reached, people that arrive during that time will be asked to come back at a different time.
- Monday through Friday, the Center will close for 30 minutes, at 11am and 3:30pm, to disinfect all commonly touched areas.
- The Recreation Center's Saturday operating hours are 8am – 2pm, and will close from 11:30am-noon for disinfecting.
- Reservations are still required for basketball courts and the walking track. Basketball reservations are available for each half court, for individuals or households.
- Face masks (covering your nose and mouth) are still required indoors at all times, or outdoors if within 6 ft of others.
- Patrons are still asked to disinfect each piece of equipment after use (disinfection bottles provided).

We appreciate your understanding, patience, and cooperation!
