

# Iredell County Map Book Key Map

Each page covers a 10,000 feet x 10,000 feet area  
Maps are broke into quadrants that are 5,000 feet x 5,000 feet and are labeled A-D.

### How to use this Map Book:

This is an overview map of Iredell County. Each square represent a page in the book. The top number is the page and the bottom number is the map tile. Each page in the book will show a detailed view of each of these tiles. In the back of the book you will find a map index of all the streets in the county.
