Section 12.1.9 Stay of Proceedings

The Board shall hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by the Administrator in the enforcement of this Ordinance.

(amended 9/2/14, TA-2014-01)

Section 12.2.2 Change In Kind of Non-Conforming Use

The Board may permit a non-conforming use of a building to be changed to another non-conforming use upon a finding by the Board that the new use is more in character with the uses permitted in the district than the previous use (see Section 15.7).

Section 12.2.3 Variances

The Board may authorize variances from the terms of the Ordinance as will NOT be contrary to the public interest where, owing to special conditions, a literal enforcement of the provisions of this ordinance will, in an individual case, result in unnecessary hardship, so that the spirit of the ordinance shall be observed, public safety secured, and substantial justice done.

In granting a variance, the Board may attach thereto such conditions regarding the location, character, and other features of the proposed building, structure, or use as it may deem advisable in furtherance of the purpose of this ordinance. If a variance for the construction, alteration or use of property is granted, such construction, alteration or use shall be in accordance with the approved site plan.

The Board of Adjustment shall refuse to hear an appeal or an application for a variance previously denied if it finds that there have been no substantial changes in conditions or circumstances bearing on the appeal or application.

A. Zoning and Subdivision Requirements

These requirements shall apply to all regulations in the following areas:

- Zoning
- Subdivision
- Watershed
- Airport

The Board of Adjustment shall make the findings required below, taking into account the nature of the proposed request, the existing use of land in the vicinity and the probable effect of the proposed request upon traffic conditions in the vicinity, if applicable. No variance shall be granted unless the Board of Adjustment finds all of the following in the affirmative:

1. Unnecessary hardship would result from the strict application of the regulation. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property;
2. The hardship results from conditions that are peculiar to the property, such as location, size, or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or general public may not be the basis for granting a variance. A variance may be granted when necessary and appropriate to make a

reasonable accommodation under the Federal Fair Housing Act for a person with a disability;

3. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance shall not be regarded as a self-creating hardship; and
4. The requested variance is consistent with the spirit, purpose, and intent of the regulation, such that public safety is secured, and substantial justice is achieved.

No change in permitted uses may be authorized by variance. Appropriate conditions may be imposed on any variance, provided that the conditions are reasonably related to the variance.

B. Additional Watershed Requirements

1. Iredell County shall notify and allow a reasonable comment period for all other local governments having jurisdiction in the designated watershed where the variance is being considered.

The Watershed Administrator shall notify in writing each local government having jurisdiction in the watershed and the entity using the water supply for consumption. Such notice shall include a description of the variance being requested. Local governments receiving notice of the variance request may submit comments to the Watershed Administrator prior to a decision by the Board of Adjustment. Such comments shall become a part of the record of proceedings of the Board of Adjustment.

2. Variance issued in accordance with this Section shall be considered a Watershed Protection Permit and shall expire if a Building Permit or Watershed Occupancy Permit for such use is NOT obtained by the applicant within six (6) months from the date of the decision.
3. If the application calls for the granting of a major variance, and if the Board of Adjustment decides in favor of granting the variance, the Board shall prepare a preliminary record of the hearing with all deliberate speed. The preliminary record of the hearing shall include:
 - a. The variance application;
 - b. The hearing notices;
 - c. The evidence presented;
 - d. Motions, offers of proof, objections to evidence, and rulings on them;
 - e. Proposed findings and exceptions;
 - f. The proposed decision, including all conditions proposed to be added to the permit.

4. The preliminary record shall be sent to the Environmental Management Commission for its review as follows:
 - a. If the Commission concludes from the preliminary record that the variance qualifies as a major variance and that (1) the property owner can secure no reasonable return from, nor make any practical use of the property unless the proposed variance is granted, and (2) the variance, if granted, will NOT result in a serious threat to the water supply, then the Commission shall approve the variance as proposed or approve the proposed variance with conditions and stipulations. The Commission shall prepare a Commission decision and send it to the Board of Adjustment. If the Commission approves the variance as proposed, the Board shall prepare a final decision granting the proposed variance. If the Commission approves the variance with conditions and stipulations, the Board shall prepare a final decision, including such conditions and stipulations, granting the proposed variance.
 - b. If the Commission concludes from the preliminary record that the variance qualifies as a major variance and that (1) the property owner can secure a reasonable return from or make a practical use of the property without the variance or (2) the variance, if granted, will result in a serious threat to the water supply, then the Commission shall deny approval of the variance as proposed. The Commission shall prepare a Commission decision and send it to the Board of Adjustment. The Board shall prepare a final decision denying the variance as proposed.

C. Floodplain Requirements

See Appendix G. Article 4. Section E. Variance Procedures

D. Airport Overlay Requirements

Before the Board of Adjustment considers a variance request or hears an appeal from any order, requirement, decision or determination made under the provisions of this article, the Statesville Regional Airport Commission shall be given an opportunity to make recommendations with respect to the variance or appeal.

Section 12.2.4 Special Use Permits

The Board shall hear special use permit request to determine whether appropriate conditions and safeguards, as authorized in Chapter 2, are met.

- A. In granting a Special Use Permit the Board shall make the following affirmative findings:
 1. That the Special Use will NOT materially endanger the public health or safety, if located where proposed and developed according to the plan as proposed;
 2. That the Special Use meets all required conditions and specifications;

3. That the Special Use will NOT substantially injure the value of adjoining or abutting property, or that the use is a public necessity; and
 4. The Special Use will be in harmony with the area in which it is to be located and will be in general conformity with the plan of development of the county
- B. In granting a Special Use Permit, the Board may impose such additional restrictions and requirements upon such Permit as it may deem necessary in order that the purpose and intent of this Ordinance are served, public welfare secured and substantial justice done. If all requirements and conditions are accepted by the applicant, the Board shall authorize the issuance of the Special Use Permit, otherwise the Permit shall be denied. Any Special Use Permit so authorized shall be perpetually binding upon the property included in such Permit unless subsequently changed or amended by the Board, as provided for in this Chapter.
- C. The Board may change or amend any Special Use Permit, after a public hearing and subject to the same consideration as provided for in this Chapter for the original issuance of Special Use Permit.

No proposal to amend or change any Special Use Permit shall be considered within twelve (12) months of the date of the original authorization of such Permit or within twelve (12) months of hearing of any previous proposal to amend or change any such Permit.

D. Minor Changes & Modifications

The Planning Director shall have the delegated authority to approve minor changes on the site plan for Special Use Permits provided they are in harmony with the action of the Board of Adjustment. A minor change shall mean:

1. Movement of structures, parking areas, or other activity areas provided they are not closer to an existing residence or one under construction;
2. Changes in landscaping types provided they have not been worked out by neighbors or conditions of approval and they meet the requirements in Chapter 5;
3. Changes in location of the driveway connection provided it is not closer to an existing residence or one under construction and it meets the requirements in Chapter 10. If NCDOT requires the change, then this section may not apply.
